Surveyor jabs the northeast leg of the tripod a little farther into the earth and replies!

"Cheyenne and Northern?"

Surveyor turns a screw here and a screw there, points the telescope nor, nor-east-by-nor, and replies:

Will the line pass through the town, or between the town and the river!"

Surveyer equints through the tube, rn a few hieroglyphics in a note

book and replies;
"Can't say,"
"Will the depot be at the foot of Conter, or an Hamilton's addition?"

Surveyor waves the rodman a little to the right, squints through the telescope once more, writes in his book again and

"What are you laying off now-depot grounds or the repair shops and round house?"

surveyor signals to rodman again, emiles blandly at Laramie Peak and re

"Ob, we had nothing in particular to "Oh, we had nothing in particular to do this afternoon, so we concluded we'd got the exact position of Court House Knot with reference to the quadrilateral radius of Bedtick gulch. You see we first established a parallelopipatical hy-potheruse, with the knob as the aper of the isoscles triangle, then determine the sompound area of the resultant peleccid, hy multiplying the square root of the sompound area of the resultant pelecoid, by multiplying the square root of the dedesahedron by the polygionical para-bola of the obtuse tetrahedron plus the spicycloid of _____. Prominent citizen is picked up by triands, unconscious. Doctor calls it sunstroke. Surveyor keeps right on surveying.—[Bill Barlow's Budget.

GIVE THEM A CHANCE.—That is to say, your lange. Also all your heesthing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousand of little tubes and cavities leading from them. When these are elogged and choked with matter which ought mot to be there, your lungs cannot half do their work. And what they do, they cannot do wall. Call it cold, cough, oroug, pneumonia, catarrh, consemption or any of the family of threas and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to gel rid of them. That is to take Bosches's German Syrup, which any druggist will sell GIVE THEM A CHANCE. -That is to say, man Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may de-pend upon this for certain.

EVIDENCE OF MAN'S ORIGIN,-The EVIDENCE OF MAN'S ORIOIN,—The caseful and ishorious researches of Prof. Pol, of Geneva, have resulted in proving to his estisfaction that the human embryo has a genuine tail, like that of the embryos of other mammals, although it disappears in a short time. The theory of man's descent from the ages is based man's descent from the apes is based on several anomalies in the structure I growth of the hou and growth of the human body, but this discovery is regarded as an important link in the chain of circumstancial evi-dence which makes the hypothesis seem very probable to many students in cer-tain branches of science.

THE DIFFRENCE—In our opinion the difference between a deserved south and a snot, depends entirely upon how people use u.—Pittaburg Chronicle Telegraph.

The rais falls on the just as well as the unjust. On a wet Sanday, however, the churchman gets wet going to church. The bassball man postpones the game and keeps himself dry.—New Orleans Picayune.

The difference between an advance count and a harber is said to be that one is sent ahead and the other is a head scenter,—Boston Belletin,

"Is there any one living here under SI years of age!" inquired a man who rang the door bell to a Lake street resi-

Don's you live here?"
It was a neat hit, and after a little
imparing and a brief chat about the
states the maidan purchased two copas a a work satisfied "Hints for the
sease" | Builde Generies.

It is take a delier goes further now
has it work to. Have the fastanciers asceted a more distant colony than Canda?—(Fittsburg Chronicle.

ILEGAL.

UNITED STATES

MARSHAL'S SALE.

By VIRTUE OF AN EXECUTION ISSUED On out of the Circuit Court of the United States Ninth, Circuit and District of Newda, and to me directed and delivered on a judgment rendered in said court on the second day of April, A. D. 1880, in favor of W. E. Sirflin, plaintiff, and against Measlow Valley Mining Dompary, defendants, for the sum of the thousand two hundred and seventy dollars (\$5.700 dollars, from said date until paid, at the rate of two and one-half per cent, per month, and interest on one thousand sight hundred and extra the said of the fall day of March, A.D. 1884, 1984, 1996, the fall day of March, A.D. 1884, 1996, under the fall day of March, A.D. 1884, 1997, upon the following described property of defendant, student in the County of Lincoln, State of Newda, Lowitt Derrock, at Office.

10-will:

Personal Property at Dry Valley, at Office.

I small fire-proof safe, I deak, I office counter,
